Note to Race Director: Use this Certification Code
in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: 2031

FINISH DETAIL

This 500 meter calibration course is laid out in the SW section of downtown Brunswick, GA.

START is in-line with the center of GA Power Pole #4434 which is located on Newcastle Street just South of the 4th Avenue intersection. (see diagram)

FINISH is located on Newcastle Street just South of the intersection of 1st Avenue. Mark is almost (within 1-2 cm) in-line with the Northernmost curb/gutter gap before the curb/gutter turns onto 1st Ave and is 3.44 meters South of a line extended from the North facade of the Southside Church building located at the SW corner of that intersection (see diagram)

Both Start and Finish of this course are marked with steel nail/'UCW' washer driven into the asphalt of the Western edge of Newcastle Street, ~40 cm from gutter edge.
