Effective date of certification: March 5, 2022 Certification code: TN22009MS

Note to Race Director: Use this Certification Code
in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

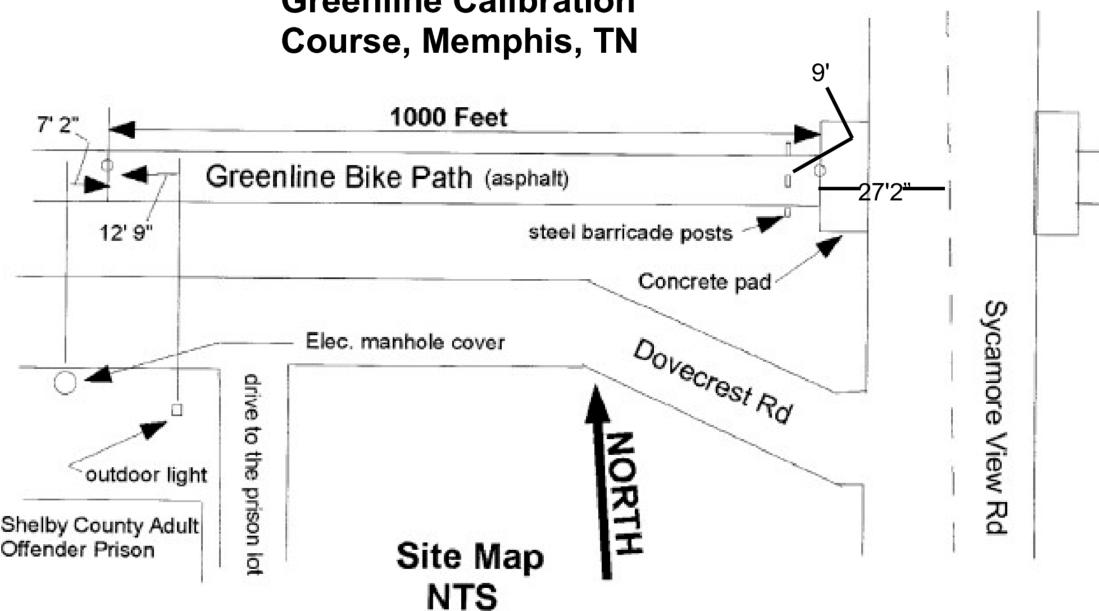

This certification expires on December 31 of the year: 2032

AS NATIONALLY CERTIFIED BY:

Date: April 9, 2022

Matthew Studholme - USATF/RRTC Certifier - 813 Barton Ave, Chattanooga TN 37405

Greenline Calibration Course, Memphis, TN

East End—At the west edge of the concrete pad west of Sycamore View Rd where the asphalt bike path meets the concrete. The joint is 27'2" west of the centerline and 9' east of the nearest edge of a row of steel barricade posts.

West End—Marked with white paint and a 1 1/4" washer. It is 55'6" northeast of the center of an electric manhole cover and 87'10" northwest of the concrete base of an outdoor light post both in the grass south of Dovecrest Rd. When measured parallel to the bike path the washer is 7'2" east of the nearest edge of the manhole cover and 12'9" west of the base of the outdoor light post.
