in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2032**

Effective: 09/27/2022
Through: 12/31/2032

Must stay on the East shoulder of the road

Located: May Ave, Toledo, OH 43614

The markers are neon orange rubber circles nailed into the asphalt. Neon orange paint was also used to mark the pins both on the road and on the curb.

Pin 1: Located on roadway 28'1" north of the center bolt on the east fire hydrant at the corner of May Ave and Villa Dr.

Pin 2: Located on roadway on May Ave in line with the west facing corner of 3105 Astor Dr., matching south post at northernmost entrance to Copeland park on May Ave.

This course was measured with a certified surveyors steel tape measuring tape(Lufkin 300ft steel chain measuring tape) with tension of 11lbs at each measurement drop. Both the holder (Baily Weatherwax) and the measurer (James Mason) work in the road race industry and understand the scope of work.

The steel tape was used to measure out to that distance to keep it neat at 300 meters.
