Note to Race Director: Use this Certification Code in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2033**

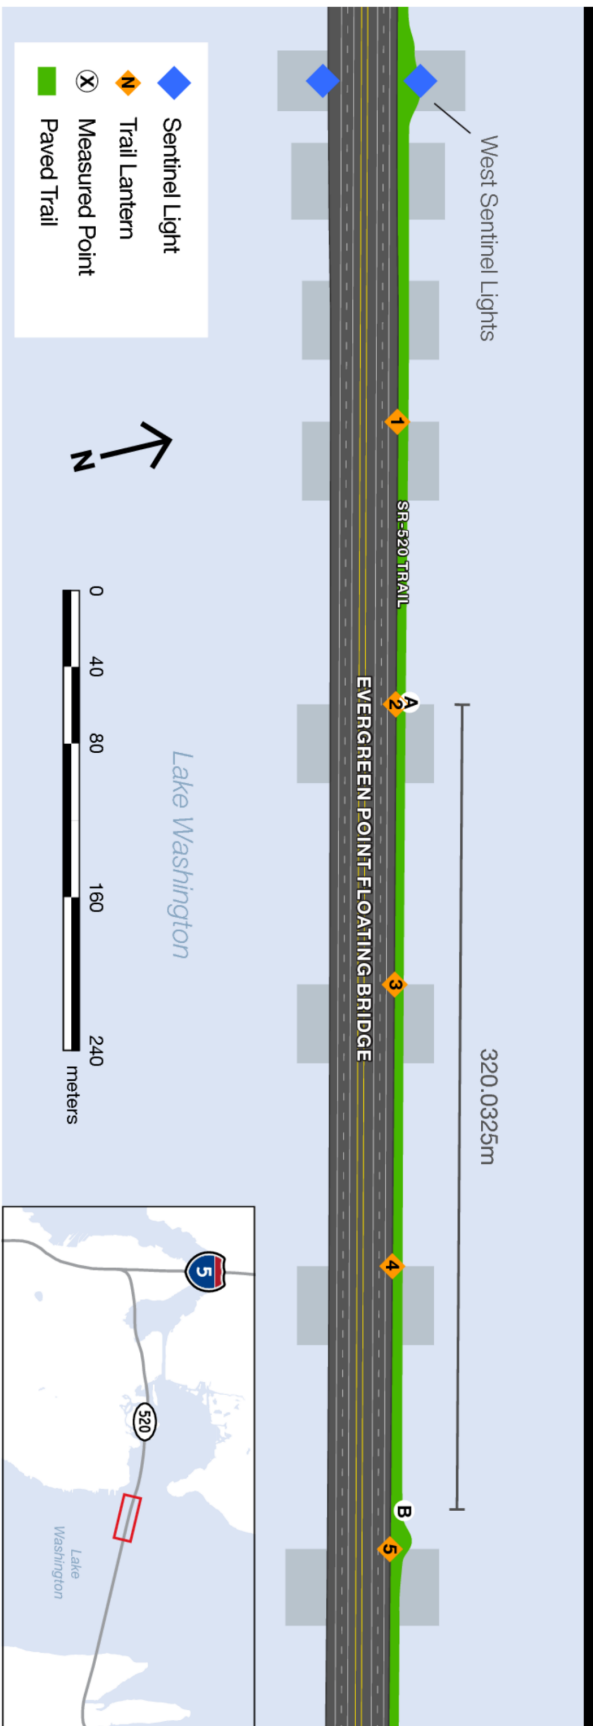

AS NATIONALLY CERTIFIED BY:

Date: April 14, 2023

Evergreen Point Floating Bridge West Calibration Course — 320.0325m, elev. 11.8m

Lake Washington near Seattle, WA

Railing Detail

Trail Lantern

Description

The course runs along the north edge of the **SR-520 Trail** between Points **A** and **B**.

Point **A** is the west end of the railing section directly across trail lantern **2**.

Point **B** is the west end of the railing section which begins to curve into the rest area before trail lantern **5**.

Measure both points from the west end of the railing base plate. There are 105 rail segments between the points. 21 segments measure close to 64m.

USATF Certificate
 WA23018RMB
 Effective: 04/11/2023
 Through: 12/31/2033

Measured by Nick Walker on April 7th, 2023 using a laser distance meter.
