Note to Race Director: Use this Certification Code
in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

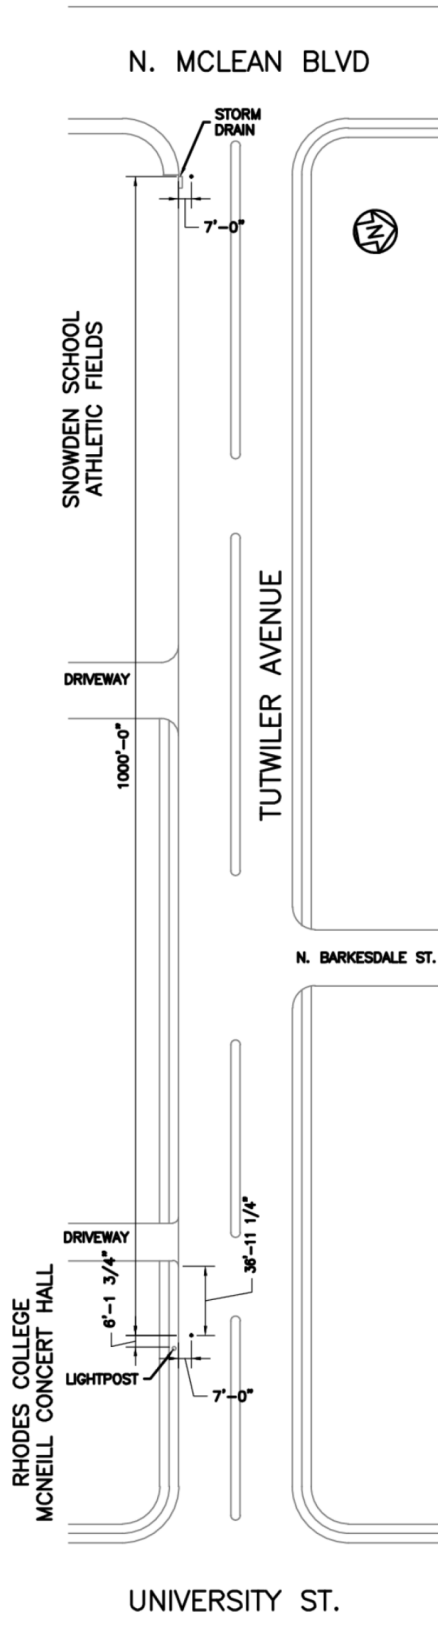

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2033**

Tutwiler Avenue 1000' Course
Memphis, TN

Measured by: Kevin Raney
901-337-5354
raney01k@bellsouth.net
On: 5/21/2023
Map Not to Scale

Notes:

Tutwiler Ave. 1000' course is located along Tutwiler Ave. behind Snowden School Athletic Fields between N. McLean Blvd and University St. The course starts at the southwest corner of N. McLean Blvd and Tutwiler Ave.

Surface is asphalt

Each end of the calibration course is well marked with one (1) P-K nail with washer driven into the pavement and white paint. The nail is separated from the curb by about 7'-0" due to on street parking along this stretch of Tutwiler Avenue. This is done to allow use in case cars are parked.

The west end of the 1000' course is found at the extreme Northwest edge of the storm drain grate located on the Southeast corner of the N. McLean Blvd and Tutwiler Ave. intersection.

The east end of the 1000' course is just past the back drive to the Rhodes College McNeill Concert Hall. The P-K nail and washer can be found 6'-1 3/4" west of the outside of lightpost with identification #235713 (the light post is on the south side of Tutwiler Ave.) approximately 7'-0" north of the curb. The P-K nail and washer can also be found 36'-11 1/4" east of the curb cut radius for the McNeill Concert Hall back drive.
