

**Road Running Technical Council
USA Track & Field
Measurement Certificate**

Name of the course Eagle Ridge Drive Calibration Course Distance 300 M
Location (state) IL (city) Orland Park
Type of course: Calibration
Measuring Methods: Steel Tape
Measured By David Mauger - 17029 HENRY ST - LANSING, IL 60438 - (708) 227-5250 - froggermauger@comcast.net
Race Contact N/A
Date(s) when course measured: December 13, 2019
Number of measurements of entire course: 2 Course Configuration: point to point
Elevation (meters above sea level) Start 216.41 Finish 216.41 Lowest N/A Highest N/A
Straight line distance between start and finish 300 M Drop 0.00 m/km Separation 100.00 %
Type of surface: Paved 100 % Dirt 0 % Gravel 0 % Grass 0 % Track 0 %
Effective date of certification: December 27, 2019 Certification code: IL19060NM

Note to Race Director: Use this Certification Code
in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2029**

Fig 2 - General Location of Calibration Endpoints

Calibration course is along the S-side of Eagle Ridge Dr with the E-endpoint at intersection with Arthur Dr (Fig-3) and the W-endpoint just W-side of Voss Dr (Fig-4).

Fig 4 - The W-Endpoint is along the S-side of Eagle Ridge Dr approx 28-ft W of the W-end intersection with Voss Dr at the W-side of #10639 residence. Said endl ine and marked points are exactly 13.17 m W of the W-edge of 2-ft dia circular storm drain in front of said residence and intersection, and said storm drain approx 1.6 m E of base of light pole in grass at said intersection, and said light pole approx even with front door of # 10639 residence. Marked with mag nails in asphalt at 1, 3, 5 and 6 ft intervals N of the S-edge of asphalt at juncture with flat concrete surface gutter of curb, and backed up with a 10-in common spike nail and 2-in shiner cap in grass at top edge of curb.

Fig 3 - The E-Endpoint is a line perpendicular and tangent to the E-edge of storm drain along the S-side of Eagle Ridge Dr at the W-side of intersection with Arthur Dr and to the W-side of #10515 residence. Said storm drain is approx 7-ft W of the base of light pole and approx 3-ft E of the W-curb of Arthur Dr at said intersection. Marked with 2 mag nails at 2-ft and 5-ft N of the S-edge of asphalt at juncture with curb gutter.
