NOTES:

1. This course move in a clockwise fashion. The Shortest Possible Route (SPR) was always taken for measurement. This course was measured using the full width of the road at the Start/Finish on West (lower) parking drive then turning right onto Legion Road. Then turns right onto Dunn Street, only the right-hand side of the road was used. Runners will use 'Right-Hand' rule for this course.
2. Stay on Dunn St then Right Turn on Kings Spring Rd.
3. Run in right lane then Right turn onto Concord Rd. Stay in Right most land moving into turning lane before Atlanta Road.
4. The right turn off of Concord Rd puts the runners directly onto the bicycle/pedestrian path. No portion of Atlanta Road was used in this course. Path only.
5. Runners turn right onto Collier Dr. where the "right hand rule" is used again measuring the shortest distance on the right side of the road. As runners turn right back onto Dunn Street they will move to the left side of the road turning left on to Legion Drive and the finish line.
