

North Main Street Calibration Course

Stillwater, Oklahoma

OK14001BB

Certification effective from
2014-Apr-26 to 2024-Dec-31

Northern end of calibration course is expansion seam located about 1.8 m south of fire hydrant at SE corner of intersection of Main St and E Redbud Dr. This expansion seam also lines up roughly with north edge of driveway to house #1210.

Southern end of calibration course is expansion seam that lines up roughly with northern curb of W Tyler Ave.

Measured by Bob Baumel, Ken Hardwick and Marcia Baumel on 2014-Apr-23.
Bob Baumel: 580-401-3124,
bobbau@earthlink.net

Each side of the street was taped twice.

Cyclists may use the average length of 338.49 m for calibrating, as long as equal numbers of rides are done on both sides of the street.

Notice to Race Director: Use this Certification Code
in **all** public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If **any** changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course — In the event a National Open Record is set on this course, or at the discretion of USA Track & Field, a verification remeasurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 in the year **2024**
