

BICYCLE CERTIFICATION COURSE

The information below documents the location of the North and South end points that were used to setup the bicycle certification course. The certification course is 500 m (1640.42') measured with a 100 ft steel tape.

The course is located at the former St George Municipal Airport located at 317 S. Donlee Drive, St George, UT. 84770, on the south end of Black Hill.

The course is midway down the eastern-most runway 37.09° North Latitude, 113.59° West Longitude, at a starting elevation of 881m and ending elevation of 884m. The starting point corresponds with the northern most point of the 1000m race walk course and is denoted by a nail driven into the asphalt. The end point at 500m is denoted by a nail driven into the asphalt.

The northern-most point of the course is on the runway centerline of the eastern-most runway, 28'3" from and directly adjacent to (90°) the 12th runway light fixture in the median between the eastern and center runways. The light fixture is the 12th fixture south of the runway turn around across from the DAXTC building and is marked #12 in red paint.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course — In the event a National Open Record is set on this course, or at the discretion of USA Track & Field, a verification remeasurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 in the year
