# Matterhorn Madness 5k Bonney Lake, Washington

Effective Dates  
3-AUG-2012 to 31-DEC-2022

MATTERHORN MADNESS 5K - BONNEY LAKE, WA

As you enter the park and pass the guard house, take an immediate right onto the gravel road that goes in between the big tree and flower bed on the left, and a flower berm on the right. On the south side of the berm there is a bamboo marker. That is the start of the race. The course travels south on the gravel road until the T in the road, at which point you must take a left. Continue following the gravel road, which will force you to take a left along the bollards. Follow the bollards until they end, then follow the path to the right and then again to the left. The gravel road will end and the course will continue directly across the grass field following the most direct path towards the Alpenhus. This path will take you straight in front of the Alpenhus on the east side of the bathrooms and the Shooters Hall, and in between the Wrestling Hall and the Alpenhus. Now take a right onto the dirt road. The road will almost immediately come to a Y. Take a right. You will come to another Y. Take a left. Continue along the dirt road until you come to the rear side of the wrestling arena. Follow the gravel road between the wrestling arena and the mobile home. Travel to the right of the picnic shed, on the two track grass road behind the main hall which is bordered by small scrub bushes on both sides. Continue on the grass road until you emerge on the east side of the guard house. At this point you will rejoin the gravel road and you will pass the start again and follow the course again past the bollards. On bollard #17 is mile marker 1. Continue on until you reach the T. Take a right onto the dirt road and go up the hill. At the top of the hill the path will veer right. Go down the hill behind the Alpenhus where you take a sharp right. Now you are on the same path you were on during the first loop. Repeat that entire loop one more time. Mile marker #2 is in between RV parking spot 61 and 63, on the gravel road directly south of the start line. The third and last lap is the same as the second lap. Mile marker #3 is just 5 feet north of the start line. Continue south and at the Y, veer to the right towards the front lawn of the caretaker's house. The finish line is 10 feet south of the line between the northwest corner of the house and the water meter.

Notice to Race Director  
Use this Certification Code in **all** public  
Announcements relating to your race.

**Be It Officially Noted That**

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If **any** changes are made to the course, this certification becomes void, and the course must then be recertified.

**Validation of Course** — In the event a National Open Record is set on this course, or at the discretion of USA Track & Field, a validation remeasurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

***This certification expires on December 31, 2022.***
